THE AMERICAN JOURNAL OF Clinical Nutrition
JULY 1970
VOLUME 23 • NUMBER 7

CONTENTS

Editorial
Mariposa, Salt, and Thirsting. M. E. Rubini

Guest Editorial
Creatinine Excretion as Index for Estimating Urinary Excretion of Micronutrients or Their Metabolic End Products. H. Pollack

Letters to the Editor
Scorbutogenic Guinea Pig Diet. G. M. Briggs. Author's Reply. M. E. Conrad

Brief Communications
Dietary Sources of Iodine in Areas with and without Iodine-Deficiency Goiter. D. A. KOUTRAS, P. D. Papapetrou, X. YATAGANAS and B. MALAMOS

Original Communications
Further Evidence of Deleterious Effects Produced by Sodium Restriction during Pregnancy. R. L. Pike and D. S. GURSKY

Protein Requirement of the Premature Infant. II. Influence of Protein Intake on Free Amino Acid Content of Plasma and Red Blood Cells. S. E. Snyderman, L. E. Holt, Jr., P. M. NORTON and S. V. PHANSALKAR

Hematologic Studies of Severe Undernutrition of Infancy. III. Erythrocyte Survival in Marasmic Infants and Calorie-Deprived Pigs. A. Stiekel and N. J. Smith

Vitamin C Supplementation Related to Physiological Response to Exercise in Smoking and Nonsmoking Subjects. D. A. Bailey, A. V. Carron, R. G. TEECE and A. J. Wehner

Relationship of Serum Tocopherol to Beta-Lipoprotein Concentrations in Liver Diseases. R. M. H. KATER, W. J. UNTERECKER, C. Y. KIM and C. S. DAVIDSON

Gamma Glutamyl Carboxypeptidase (Conjugase), the Folic Acid-Releasing Enzyme of Intestinal Mucosa. L. H. Bernstein, S. Gutstein and S. V. Weiner
Effect of Diet on Fatty Acid Composition of Miniature Swine Adipose Tissue Lipids.
Anthropometry in Preschool Children in Hawaii. D. S. Smith and M. L. Brown .... 932
Studies of Bladder Stone Disease in Thailand. XII. The Effect of Methionine and
Pyridoxine Supplements on Urinary Sulfate. R. Van Reen, A. Valyasevi and
S. Dhanamitta ........................................................................................................ 940
Nutrient Intake of Subjects on Low Carbohydrate Diet Used in Treatment of Obesity.
A. L. Stock and J. Yudkin ..................................................................................... 948

International Nutrition
Fasting in Ethiopia. An Anthropological and Nutritional Study. K. E. Knutsson and
R. Selinus .................................................................................................................. 956

Nutrition News ......................................................................................................... 970

Symposium: Gluconeogenesis
Introduction. A. B. Eisenstein ............................................................................... 971
Mechanism of Inhibition of Gluconeogenesis by 4-Pentenoic Acid. K. Brendel ..... 972
Amino Acid Metabolism in the Regulation of Gluconeogenesis in Man. P. Felig,
E. Marliss, T. Pozefsky and G. F. Cahill, Jr ....................................................... 986
Role of Adenosine 3',5'-Monophosphate in the Control of Gluconeogenesis. J. H.
Extin, L. E. Mallette, L. S. Jefferson, E. H. A. Wong, N. Friedmann and C. R.
Park .......................................................................................................................... 993
