Contents of Volume 6

January–February

Sodium Intake of the American Male: Implications on the Etiology of Essential Hypertension  
Lewis K. Dahl  
1

Comparison of Temperature Responses to Intravenous Infusions of Dextrose and Fat Emulsions  
Harold L. Upjohn  
8
Stanley M. Levenson

Effect of Vitamin B₁₂ on Growth-Retarded Children: A Review  
E. E. Howe  
18

Effect of Intrinsic Factor on Absorption of Vitamin B₁₂ in Healthy Individuals  
Leon Ellenbogen  
26
Bacon F. Chow
William L. Williams

Absorption of Vitamin B₁₂ Enhanced by D-Sorbitol  
Bacon F. Chow  
30
Paul Meier
Spencer M. Free, Jr.

Studies on the Mechanism of Action of Vitamin B₁₂ in Animal Nutrition  
B. Connor Johnson  
34

Vitamin E (Tocopherol) in Human Tissues from Birth to Old Age  
Mei Yu Dju  
50
Karl E. Mason
Lloyd J. Filer, Jr.

Effect of Storage on Tocopherols  
Mei Yu Dju  
61
Lloyd J. Filer, Jr.
Karl E. Mason

Pantothenic Acid Deficiency and its Effect on the Integrity and Function of the Intestine  
Theodore F. Zucker  
65

Copper in Health and Disease (Editorial)  
M. M. Wintrobe  
75

Emergency Feeding in Disaster (Diet Therapy)  
Dorothy L. Bovee  
77

Nutrition Briefs and Quotes  
84

Reviews of Recent Books  
85

Abstracts of Current Literature  
86

March–April

Severe Nutritional Macrocytic Anemia in Emotionally Disturbed Patients  
Raymond W. Monto  
105
Doris Kavanaugh
John W. Rebuck

The Effect of Dietary Protein, Fat, and Choline Upon the Serum Lipids and Lipoproteins of the Rat  
Robert E. Olson  
111
John R. Jablonski
Edmund Taylor

The Role of Nutritional Factors in the Antibody Responses of the Anamnestic Process  
A. E. Axelrod  
119
CONTENTS

Nutritional Status of Selected Adolescent Children. II. Vitamin A Nutrition Assessed by Dietary Intake and Serum Levels. Biomicroscopic and Gross Observations

The Loss of Calcium, Phosphorus, Iron, and Nitrogen in Hair From the Scalp of Women

The Metabolism of Serum Albumin in Man During Brief Starvation

Ascorbic Acid Requirements of Adults: 30 mg or 75 mg?

Nutritional Adaptation to Low Dietary Intakes of Calories, Proteins, Vitamins, and Minerals in the Tropics

Calcii and Kidney Calcification from Feeding Milk Diets to Rats and Hamsters

Serum Cholinesterase Levels of Central American Children in Relation to Nutritional Status

Dietary Fat and Human Health: Current Recommendations (Editorial)

On the Relationship Between Diet and Arteriosclerosis (Letter to the Editor) Comment

The Physician’s Role in the School Lunch Program (Diet Therapy)

Diet Lists

Nutrition News

Nutrition Quotes

Nutrition Briefs

Reviews of Recent Books

Abstracts of Current Literature

May–June

Symposium on the Mode of Action of Lipotropic Factors in Nutrition

Introduction

Biosynthesis of Choline and Betaine

The Biosynthesis of Phospholipids

Role of Choline in the Hepatic Oxidation of Fat

The Role of Choline in the Turnover of Phospholipids

Robert E. Olson

Jakob A. Stekol

Eugene P. Kennedy

Camillo Artom

D. B. Zilversmit

N. R. DiLuzio

188
CONTENTS

Nutritional Fatty Livers in Rats  
Role of Choline and Methionine Antagonists in Metabolism  
The Renal Lesions in Choline Deficiency  
Vascular Disease Associated with Choline Deficiency in the Rat  
Fatty Liver in Man and the Role of Lipotropic Factors  
Fatty Liver in Children—Kwashiorkor  
The Effect of Low-Protein Diets Upon Serum Cholesterol in Man  
Effect of Lipotropic Factors upon Serum Lipids and Vascular Disease in Man  
Vitamin B₁₂ Absorption (Editorial)  
On Enhancement of Vitamin B₁₂ Absorption (Letter to the Editor)

July—August

Hypervitaminosis A: Its Broadening Spectrum (Editorial)  
Nutrition and a State Medical Society (Editorial)  
The Effects of a Late-Night Caloric Supplement Upon Body Weight and Food Intake in Man  
The Acute Reduction in Plasma Amino Acids by Carbohydrate Infusion in Diabetes and Liver Disease  
The Influence of Maternal Iron Deficiency on the Newborn  
Factors Affecting the Absorption of Vitamin B₁₂  
Problems Connected with the Possible Use of Plankton for Human Nutrition  
Nutritional Status of Selected Adolescent Children. III. Ascorbic Acid Nutriture Assessed by Serum Level and Subclinical Symptoms in Relation to Daily Intake
<table>
<thead>
<tr>
<th>CONTENTS</th>
</tr>
</thead>
<tbody>
<tr>
<td>The History of Pellagra, Its Recognition as a Disorder of Nutrition and Its Conquest</td>
</tr>
<tr>
<td>Effect of Dietary Protein on Blood Regeneration of Anemic Patients Suffering from Parasitic Infestation. Preliminary Report</td>
</tr>
<tr>
<td>Low Serum Vitamin B₁₂ Concentrations in Alcoholics; Improvement with Liver Therapy</td>
</tr>
<tr>
<td>The Effect of Isonicotinic Acid Hydrazide and Vitamin B₆ on Glutamic-Oxalacetic Transaminase Levels in Whole Blood</td>
</tr>
<tr>
<td>Growth and Development of Central American Children. I. Growth Responses of Rural Guatemalan School Children to the Daily Administration of Penicillin and Aureomycin</td>
</tr>
<tr>
<td>The Amino Acid Requirements of Adults. A Review (Diet Therapy)</td>

September–October

Symposium on Problems of Human Nutrition

Some Unsolved Problems Concerning the Pathogenesis of Human Deficiency Disease Syndromes | Richard H. Follis, Jr. 459
On the Role of Antibiotics in Nutrition and Metabolism | Paul György 466
Recent Advances in Intravenous Fat Alimentation | John F. Mueller 472
Niacin-Tryptophan Relationships in Man and Niacin Requirement | Grace A. Goldsmith 479
The Significance of Amino Acid Imbalance in Nutrition | William D. Salmon 487
Protein Metabolism in Chronic Infantile Malnutrition (Kwashiorkor) | Joaquin Cravioto 495
Reflections upon Some Lipotropic Facts and Fantasies | Colin C. Lucas 504
The Development of Vitamin B₁₂ Deficiency by Untreated Patients with Pernicious Anemia | William J. Darby 513 Edgar Jones
Sam L. Clark, Jr. William J. McGanity Jose Dutra de Oliveira Carlos Perez John Kevany Jean le Brocquy

Nutritional Studies of Vegetarians. III. Dietary Levels of Fiber | Mervyn G. Harding 523
Alma C. Chambers Hulda Crooks Fredrick J. Stare
CONTENTS

Metabolic Studies of Mongoloids
Lean-Body Mass Creatinine-Coefficient Deficit and Urinary Steroids
“Saturation” Studies with Vitamin B₁₂ in Human Subjects
Caloric Equivalents of Gained or Lost Weight
Sorbitol and Vitamin B₁₂ Absorption (Letter to the Editor)
Adapting Therapeutic Diets to the Eating Patterns of Italian-Americans (Diet Therapy)

Diet Lists
Reviews of Recent Books
Abstracts of Current Literature

November–December

Symposium on Chemistry, Biochemistry and Metabolism of Lipids

Introduction
Hiawatha’s Lipid
Determination of Fatty Acids in Small Amounts of Plasma and in Lipid Components of Tissues by Ultraviolet Spectroscopy
Alkali-Isomerization Reactions of Unsaturated Fatty Acids
A Note on Increasing the Accuracy of the Micro Alkaline Isomerization Technic for Determination of Unsaturated Fatty Acids
The Separation of the Long Chain Fatty Acids by Gas-Liquid Chromatography
Lipids of Biologic Importance: Peroxidation Products and Inclusion Compounds of Lipids
Column Chromatographic Fractionation of Plasma Lipids
Fat Absorption
Remarks on the Specificity of Action of Pancreatic Lipase
The Transport of Fatty Acids Across the Cell Wall
Changes in Tissue Lipids and Tissue Histology Resulting from Essential Fatty Acid Deficiency in Rats
CONTENTS

The Problem of the Essential Fatty Acids in Relation to Human Nutrition

Arild E. Hansen 625

Essential Fatty Acids and the Problem of Atherosclerosis

Laurence W. Kinsell 628
George D. Michaels
Priscilla Wheeler
Paul F. Flynn
Geoffrey Walker

The Use of Diets Containing Large Amounts of Linoleic Acid

Florence E. Olson 632
Stanford Splittorff
Harry Balch
Paul F. Flynn
Laurence W. Kinsell

Experimental Arteriosclerosis in Pyridoxine-Deficient Rhesus Monkeys

Louis D. Greenberg 635
Barbara McIvor
Henry D. Moon

The Origins of Plasma Cholesterol

Sanford Oscar Byers 638

The Mechanism for Changes in Blood Cholesterol in Deranged Thyroid States

Sanford Oscar Byers 642

Plant Sterols and Tissue Cholesterol Levels

Daniel W. Peterson 644

The Essential Fatty Acids

A. T. James 650

Interconversions of the Saturated and Monounsaturated Fatty Acids

James F. Mead 652

The Metabolism of the Essential Fatty Acids

James F. Mead 656

Transport and Metabolism of Chylomicra

Richard J. Havel 662

The Metabolism of Plasma Unesterified Fatty Acid

Dr. Witt S. Goodman 669
Robert S. Gordon, Jr.

Phospholipids and Blood Coagulation

George Rouser 681

Nutrition News 688

Reviews of Recent Books 689

Abstracts of Current Literature 693
