Erratum

A necessary permission statement was inadvertently left out of the legends to Figures 1 and 2. The legends to both Figures 1 and 2 should have ended with the following statement: “Reproduced with permission from reference 24.” Unfortunately, this reference was also inadvertently left out of the reference list, and thus references 24–32 and their citations within the article should be renumbered as 25–33. The new reference 24 is as follows: Rasmussen KM, Yaktine AL, eds. Weight gain during pregnancy: reexamining the guidelines, 2009. Washington, DC: National Academies Press, 2009.
